

Meet Coco Jensen

of Windermere/Coeur d'Alene Realty, Inc.

Coco Jensen

My Promise:

I promise to be the last real estate agent that you will ever want to have. I keep this promise by providing not just uncompromising honesty and integrity, but fun and refreshing energy to each client that I

serve. I treat each client as I would like to be treated and I truly mean that. I wouldn't do what I'm doing if I didn't enjoy my job so much. You, my clients, are huge part of my life and I don't want to let you down. I understand that buying or selling a home is a very important milestone in life. I will ensure that your real estate transactions are completed in the most positive way....so you will not only think of me as your REALTOR but as your main point of contact any questions you may have. I have a huge network of friends that I know and trust that are involved in this community providing services such as carpet cleaning, medical, accounting and what not and will be able to pass a number to you if you should need some help. I'm "The Yellow Pages" agent and would like to be your go to person even after your home sale has closed.

Education:

I earned a Bachelor of Science degree in Business with Marketing and Management from the University of Montana. I use this education as well as all the continuing education classes in real estate to provide my clients with exceptional service. I have earned many designation's in real estate and will continue to "sharpen my saw" to keep updated and provide the best service in this ever changing technology world.

Family:

I'm a parent to three amazing children. My son Trey is 14 years old. My daughters Lily (12) and Daisy-Kate (10). Real estate has been so rewarding because I'm able to provide for these kiddos as well as be there for them with the flexibility in my schedule. I may work weekends and evenings for you (my clients) but I do it with a smile and fulfillment that I never thought possible in a career.

Experience:

I have been in the real estate industry for over 17 years. I started my knowledge working for a local title company. Then I was partner's in a company building computerized Title Plants for our county as well as county's across the United States. I'm starting my 9th year selling real estate. I have seen the the up's and down's in the market these last 10 years. This experience has provided me with the knowledge of knowing challenges in the market because I worked through them and kept my head above the water. I really love my job and can't wait to welcome you home.
